

1306-Worn On The Show

Glitter Chic Choker

By Katie Hacker

Create a variety of dramatic, glittery focal points like those shown here using a combination of striking beads, pendants and interchangeable stick bails. A subtly sparkly, modified daisy chain strap works up in an evening and provides an all-purpose background for all of the pendants you can dream up.

This project is a companion to Katie's Beading Secrets in the October/November 2009 issue of *Beadwork*. Download the free instructions at Beading Daily: <http://www.beadindaily.com/media/p/40391.aspx>.
