Everyday Crystals

When most people think of crystal jewelry, they think of fancy, sparkling jewelry—jewelry you would wear on

special occasions. But thanks to the wide range of Swarovski crystal colors now available, you can make everyday jewelry with crystals, too. Here are my favorite beautiful, but slightly subdued, crystal colors/finishes:

- OPAQUES, such as dark red coral and mint alabaster.
- OPALS, such as Pacific opal, cyclamen opal, and palace green opal.
- CERAMICS, such as marbled sea green, marbled blue, and marbled yellow
