

SPIRAL BLOOM

Necklace

Easy to read instructions included.

Everything you need to make this Necklace.

No 11 beads

No 8 beads

Flowers, leafs

Silver components

Large Bead for Clasp

Thread Nymo D

Step 1:

String 4 no. 11 teal beads and 4 no. 11 green beads. Loop back through the 4 teal beads.

(seed beads for holding in place only)

Step 5:

Use no. 8 seed beads to make a loop large enough for the large bead to go through. Loop back through necklace, adding half hitch knots as you loop back through, then tie off.

Step 3:

Bring your needle up through 1 teal bead and the 3 green beads.

Step 6:

At the other end of the necklace add 4 no 8 seed beads, the large bead and 3 no 8 seed beads. Bring thread back through the large bead and 4 seed beads, loop back through necklace, adding half hitch knots as you loop back through, then tie off.

Step 4:

Repeat steps 2 and 3 turning beads as you go to create the Necklace to the desired length.

Step 7:

Cut about a yard of thread, start in the middle of the necklace to add leaves and flowers. Thread needle through beads add flowers and silver components, using half hitch knots, every so often as you add the leaves.

Design your way:

In this design I added either a leaf, a flower or a silver component every 2 no. 11 teal beads. I used 4 no. 8 seed beads, with the silver components and added 1 seed bead, then looped back through silver components. Go through 2 no. 11 seed beads add leaf, another 2 no. 11 seed beads, add flowers.
