
A close-up photograph showing a person's hand holding a piece of jewelry. The jewelry consists of a dark purple, faceted bead on a wire. A small silver screw is being tightened onto the wire. In the background, a silver-colored metal component with a ring and a small ball is visible. A small screwdriver with a textured handle is also present.

2. Tighten tiny screw so that it holds the wire in place.

A photograph of a completed necklace. The necklace features several large, faceted, purple beads of various shapes and sizes, interspersed with smaller silver beads. The necklace is finished with a silver-colored metal clasp. The entire necklace is laid out on a light-colored, textured fabric background.

3. Trim excess wire.

If you want to change the beads, just unscrew the Scrimp and redo!
