Instructions

Twirl the blue wire around the Conetastic tool according to the manufacturer's instructions.

Cut the wire from the Conetastic tool.

Wrap the aqua color wire around and in between the blue wire.

Cut the wire from the tool and tuck the wires in so they don't stick out with chain nose pliers.

String the wrapped wire cone onto silver wire followed by a large bead.

Connect the heart charm to the end of the silver wire with a wrapped loop.

Connect the cone piece to the owl with a wrapped loop.

Cut the chain to the desired length and attach to the owl pendant with jump rings or by simply opening the chain and connecting.
